

## GEO. W. MILES.

Candidate for the Council from the Eighth Legislative District—Grant and Dona Ana Counties.

Prof. George W. Miles has been a resident of Grant county since June 3rd, 1885, having graduated with honors a short time before

Prof. Geo. W. Miles.

from the state university of Missouri, from which institution he holds the master's degree. He graduated at the head of the scientific department and won a \$50 gold medal for the best standing in theoretical and practical astronomy.

Since he became a resident of Grant county, he has spent several years respectively as teacher and superintendent of schools, and has been very successful in his interpretations of New Mexico school law. Two years ago he was elected assessor of this county by a large majority and at the close of his term as superintendent of schools he entered upon the duties of assessor. In addition to this work he has spent several years in ranching and raising cattle.

He was respectively superintendent of the Fleming cattle company and the Oak Grove and Sierra Verde cattle company and organized the NAN ranch company, which is one of the largest tax payers in the county.

His time and means have been successfully spent in building up the business and educational interests of Grant county and of southwestern New Mexico. He is now one of the board of regents of the normal school of New Mexico and has taken a great deal of interest in getting the institution successfully started.

Should he be elected, and there is hardly a doubt but that he will be, he would take renewed interest in educational matters and would doubtless be able to secure legislation of great benefit to the educational interests of the territory. Having been a teacher in the public schools and a superintendent of schools, he is thoroughly acquainted with the needs of the schools of the territory and knows just what legislation is needed for their benefit.

Politically he is a sound democrat and has always been ready to work for the interests of the party. His character is above reproach and his popularity can be attested in no more convincing way than to refer to the large majorities which he has received in this county when he has been a candidate for office.

The Southern Pacific company has announced a new departure in overland

railroading. It is the inauguration of a fast limited train service over the sunset route east. The new train which will be known as the "Sunset limited special," is expected to reduce the time between Los Angeles and New Orleans to about two days, and between Los Angeles and New York to four days. The equipment of the train will consist of the latest Pullman sleeping, drawing and dining cars, containing all the latest improvements. Only first-class tickets will be accepted for passage. And now it remains to be seen what the Atchison will do to meet this move.

Wm. T. Troutman walks now with the assistance of a cane. Last Monday afternoon he was at Hanover at the blacksmith shop and was standing with one foot up on the forge. A Mexican was holding a heavy wagon tire which he accidentally let fall. The edge of the tire struck Mr. Troutman on the leg between the knee and ankle and for a time it was thought that his leg was broken, but an examination showed that no injury had been sustained beyond a severe bruise.

The bodies of two freighters were found last Wednesday between Conchas and Cabra springs, in San Miguel county. The bodies were wrapped in blankets and the heads had the appearance of having been crushed with some blunt instrument. The teams were found not far from the bodies. There appears to be no clue to the perpetrators of the crime.

Some of the horse stealing which has been going on in the southern part of this county, and which was thought to have been done by Indians was undoubtedly the work of Mexicans. The Mexican who was arrested here last week was undoubtedly one of a band of horse thieves operating on both sides of the border.

The Roswell club has extended THE EAGLE and all the people in this part of New Mexico a hearty invitation to be present at the railroad celebration to be held at Roswell on the 15 inst. A number of prominent speakers are expected to be present to assist in celebrating the opening of the railroad to that point.

J. C. Day, of Duncan, who is running for supervisor of Graham county, on the democratic ticket, was here last week. He says that the ranges along the river for eight or ten miles above Duncan are pretty dry but that between Duncan and Solomonville there is good feed.

Some of the lady members of the Rebekah lodge, I. O. O. F. of this city, gave an excellent supper to the members of that lodge after the close of their regular meeting last Friday evening. A delightful time was had by all those present.

## THE REGISTRATION BOARDS.

Voters Can Register for the Coming Election Next Saturday.
